

T1

A screenshot of a Mac desktop environment. At the top is a dark-themed code editor window titled "TUTORIAL". The left sidebar shows a file tree with folders like "TUTORIAL", "EXAMPLE", and "lab_exam.cpp", and files such as "1.cpp", "1.html", "1.jpg", "2.cpp", "21.cpp", "22.cpp", "pr1.cpp", "pr2.cpp", "pr3.cpp", "pr4.cpp", "pr5.cpp", and "pr6.cpp". The main pane displays the content of "lab1A.html":

```
<!DOCTYPE html>
<html lang = "en">
<head>
    <meta charset = "UTF-8">
    <meta name = "viewport" content = "width = device-width,initial-scale = 1.0">
    <title>
        Simple web page
    </title>
</head>
<body>
    <header>
        <h1>
            Welcome to web technology
        </h1>
        <p>
            a computer science portal for btech
        </p>
    </header>
</body>
</html>
```

The status bar at the bottom of the code editor shows "Ln 21, Col 8 Spaces: 4 UTF-8 LF HTML ⚡ Port : 5500". Below the code editor is a dock with various application icons. At the very bottom is another dock with the same set of icons.

Below the code editor is a browser window titled "Personal". The address bar shows "127.0.0.1". The page content is identical to the code in "lab1A.html":

Welcome to web technology

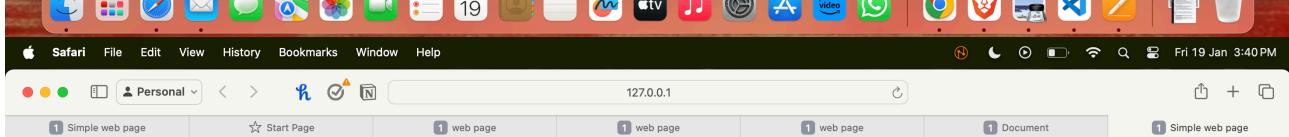

a computer science portal for btech

T2

A screenshot of a Mac desktop environment. At the top is a dark-themed code editor window titled "TUTORIAL". The left sidebar shows a file tree with various files like "lab1B.html", "1.cpp", "1.jpg", etc. The main pane displays the HTML code for "lab1B.html". Below the code editor is a toolbar with icons for file operations. The bottom of the screen shows the Mac OS X dock with various application icons.

```
<!DOCTYPE html>
<html lang = "en">
<head>
    <meta charset = "UTF-8">
    <meta name = "viewport" content = "width = device-width,initial-scale = 1.0">

    <p>
        Investment in Equities involves buying shares of publicly listed companies. The shares are traded on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).
    </p>
    <p>
        When an investor invests in equity, unlike a fixed-income instrument, there is no capital guarantee. However, as a trade-off, the returns from equity investment can be much better. Indian Equities have generated upwards of 12% CAGR (compound annual growth rate) over the past 10 to 15 years.
    </p>
    <p>
        Investing in some of the best and most well-run Indian companies has yielded over 20% CAGR in the long term. Identifying such investment opportunities requires skill, hard work, and patience.
    </p>
</body>
</html>
```

T4

A screenshot of a Mac desktop environment. At the top is a dark-themed code editor window titled "TUTORIAL". The left sidebar shows a file tree with various files and folders, including "EXAMPLE.c", "lab_exam.cpp", and several ".html" files. The main pane displays the content of "lab1D.html". Below the code editor is a toolbar with icons for file operations like "New", "Open", "Save", etc. The bottom of the screen features a dock with numerous application icons, including Safari, Mail, Calendar, and others. The system tray at the very bottom shows the date and time as "Fri 19 Jan 3:29 PM".

```
<!DOCTYPE html>
<html lang = "en">
<head>
    <meta charset = "UTF-8">
